

# Helping you care for those in need

Mobile and tablet with  
Agylia Care Apps

## What is Agylia Care?

Agylia Care is an App and online portal that provides carers with guides, videos and support materials covering a range of care and support topics.

Each topic is covered in 3 minutes or less, helping you to improve your understanding and knowledge across a variety of health and wellbeing conditions.

## Who can use Agylia Care and how much does it cost?

Agylia Care is free to use and can be used by everyone.

You may not consider yourself a carer. If you help and support yourself, family, friends or anyone in need, Agylia Care is for you.

## What topics does Agylia Care cover?

Agylia Care covers Alzheimer's, Autism, Cancer Care, Children's Care, Dementia, End of Life Care, Learning Disabilities, Mental Health, Parkinson's, Stroke, Support for Carers and many other topics.

Agylia Care content is clinically approved in conjunction with NHS specialists.

## How to get the Agylia Care App:
