

Agylia offers a range of eLearning catalogues that provides your learners with the essential skills and industry specific knowledge they need to become effective quickly. These off-the-shelf content catalogues are available immediately and at low cost and provide you with a comprehensive range of high quality content for your Agylia platform. The content is continuously updated to ensure your learners are always up-to-date.

The eLearning catalogues are easily added to your Agylia Learning Management System (LMS), and are fully responsive, providing a great user experience across desktop, tablet and mobile devices. Whether learners are in the office, at home, travelling or working away, they'll have access to their eLearning catalogues.

If you need custom created content in addition to the eLearning catalogues, then the Agylia Services team will design and create a wide range of learning content, including custom eLearning and microlearning courses, videos, Office and PDF documents, and much more.

Foundation Skills

Our Foundation Skills catalogue is aimed at people working in any industry and is focused on the key skills needed in today's workplace.

Our Foundation Skills catalogue includes courses such as:

- Agile working
- Effective writing
- Managing yourself and your time
